something wrong by getting pregnant so young and you should maybe be punished for it by staying home

also, a few months ago a guy sat across from me on a bus, obviously trying to flash some philosophy book he was reading at me in hopes that i'd comment on it

there is no deterence whatsoever for people not to commit a violent crime

interestingly, re-alimentation and maintenance of normal body weight improve gastric emptying and gi symptoms, but do not totally normalize them (reviewed in ref
